COMMENTS FROM THE TOWN MANAGER'S OFFICE

I guess that I was quite vague last week about the Dutch Elm tree bids but I wanted to clear everything before I made a complete statement. The bid was awarded to the Goodall Tree Company of Portland.

Their bid was \$2,220.00 for cutting down 59 trees. That figure is about \$300 lower than the next lowest bidder and it is about \$800 lower than the only other bidder that submitted a figure.

The Goodall Company will start the work about the last week of this month. The completion date for the work is Dec. 17, 1965.

Some people have indicated that they have trees that they want removed at their own expense when the tree company is doing the work. If there are others who would like to talk to a representative of the tree company when he is town, I would be glad to put him in contact with them. I believe anyone might get a good price when the tree company has a crew in town.

I am attending the annual session of the Maine Municipal Association in Portland this week. I attended a session on building inspection that was very interesting. The panel was made up of building inspectors and urban renewal directors from some of the larger communities of the state. The case for building codes and other restrictions were discussed and the proper enforcement practices were stressed. I got a lot out of the session and I hope that I can retain it long enough to get some benefits from it for myself and the town.

CHAMBER OF COMMERCE TO FETE GOULD FALL SPORTS TEAMS NOV. 20

The Greater Bethel Chamber of Commerce will honor the Gould Academy cross country and football squads, managers, and coaches at a supper to be held at 5:30 p. m. on Saturday, Nov. 20, at the Bethel Congregational Church. The Chamber recognizes the accomplishments of these two outstanding teams and hopes that this will be some recognition for the hard work and spirit they have shown to their coaches and teammates. A spaghetti supper will be followed by sports movies.

The supper committee is headed by Norris Brown and any Chamber member who wishes to help should call him.

Sheriff Horton issues quarterly report

Sheriff Lester Horton of Oxford County has issued a quarterly report on the operations of the Sheriff's Department.

He pledges the full cooperation of his department with the Game Wardens during this season of their peak activity.

On the subject of deputies' salaries he stated that full-time deputies receive \$12 a day plus 10 cents a mile for vehicle upkeep. He also stated that he does not pay mileage for patrol work because, "the County Commissioners do not approve of patrolling."

The Sheriff states that his department's budget of \$18,000 will be overdrawn about \$5,000, due in large to payment of deputies' mileage and office supplies and equipment.

The department's new radio system has been installed at a cost of about \$8,000, with Civil Defense paying 50% of the cost, the net expense to the County is about \$4,000. At his own expense the Sheriff has had a radio installed at his residence.

On the subject of the juvenile situation he states that compared with other sections of the country the county has no problem. Much of the problem that does exist could be solved by parental interest and less reliance on teachers, ministers, police and other public officials to bring up their children.

Mr. Horton reported that a group of Buckfield young people had done a good job restoring an old building for a youth meeting place. He and Mrs. Horton were guests of the group at a Halloween Dance.

Mrs. Pauline D. Mason of West Bethel, after nearly six weeks at the Stephens Memorial Hospital in Norway was transferred to the Andrews Nursing Home in South Paris on November 4th.

The Bethel Evening Extension will meet Tuesday at the Home Ec Cottage. The topic will be Holiday Cakes. Any one having materials suitable for exchanges are asked to bring them.

SHOE RACK SOLD TO PARENT & KENNEY

Announcement has been made of the sale of The Shoe Rack to Parent and Kenney, Rumford. For 19 years this store has served Bethel people, first at quarters in the drug store building, and since last spring at its present location in the American Legion building. The business was established in August of 1955 by Mr. and Mrs. Clarence Rolfe.

RANGELEY DISTRICT, BSA HOLDING ANNUAL FINANCE CAMPAIGN

This month the local Scout Troop and Cub Pack Scouters will be soliciting contributions to carry on the program of Scouting activities for the boys in the area. A meeting of solicitors will be held Friday evening, Nov. 12, at 7:30 in the Chapel of the Congregational Church, to plan for making calls.

In 1964 the annual solicitation was scheduled for October, then was postponed to January 1965, on account of the strike at the Oxford Paper Co. This year the campaign is taking place in November, thus avoiding conflict with the Girl Scout campaign which took place in October.

The Rangeley District (Pine Tree Council, Boy Scouts of America) in which Bethel is located, includes about 35 towns and 50 units (Cub Packs, Scout Troops, or Explorer Posts) serving some 1,500 to 2,000 boys.

LEGISLATURE PUTS "WATER" INTO CONS. DISTRICT PROGRAMS

Norman H. Gray, Freeburg, chairman of the Oxford County Soil and Water Conservation District announces that the word "WATER" is now officially added to the title of the Soil Conservation Districts in Maine. This is the result of the last legislature and became effective recently.

The inclusion of the word "WATER" in the title of the district does not basically change the purposes and responsibilities of the District Program. These purposes are to encourage the wise use and management of the natural resources of the county — Soil, Water, Woodland, Wildlife.

This recent act of legislature recognizes the increasing importance of water, according to Mr. Gray. It also points out the fact that the District is very definitely engaged in the conservation and multiple use of water here in Oxford County.

Mr. Gray points out two prime examples of this by the fact that the District Supervisors are sponsors of two Small Watershed and Flood Prevention projects in Oxford County. These are the Cold River and Old Course Gorge project on Snow and Fryburg and the Nesqueunt River project in Bangor, Buckfield and Turner.

ASSISTANT DIRECTOR OF OCEDC NAMED

Alfred E. Wallen of South Paris has been appointed assistant director of the Oxford County Economic Development Commission. It has been announced by Samuel Michael, Director of the newly-created Commission.

Mr. Wallen, who is widely known in industrial and recreational development fields throughout Maine, was formerly Supervisor of the Outdoor Recreation Department in the State Parks and Recreation Commission. Before that he headed his own company which specialized in residential and recreational land development. Prior to that he was associated with the State Department of Economic Development as an industrial development consultant and representative.

Earlier in his career Mr. Wallen was a planning engineer with Samuel Lipman Sons of Augusta, and for 14 years was with the Central Maine Power Company in both engineering and industrial development activities.

He also served in various engineering capacities in Providence, R. I., with the U. S. Rubber Company; Walsh Kaiser Company; and American Bitumuls Company, a subsidiary of the Standard Oil Company of California.

He is a member of the American Industrial Development, a charter member and past president of the Industrial Development Council of Maine; and a charter member of the Northeast Industrial Development Association. For many years he was active in civic work during nine of which he was president of the Board of Trade in Gardiner.

Born in Roxbury, Mass., he attended the College of Business Administration at Boston University and graduated with a degree of BS in Business Administration cum laude. He did post graduate work at other New England colleges.

PTA MEETS — VOTE TO SPONSOR 'WIZARD OF OZ' DECEMBER 19

The Bethel Parent-Teacher Association had a good turnout Tuesday night at their monthly meeting held at Crescent Park School. Parents were invited to visit classrooms and then heard an interesting talk by Dean McGrillis, principal of Andover High School on the Neighborhood Youth Corps project. This is a federal project and Andover is one of the first towns in Maine to put it into service.

The members of the PTA voted to sponsor a presentation of the Wizard of Oz by the Children's Theatre of Portland on Dec. 19 at the William Bingham Auditorium.

A skating rink for the children of Bethel was discussed and it is felt that there is a need for one. It was suggested that this would be a good project for some local organization to sponsor, possibly hiring someone to maintain it.

Dexter Stowell spoke on recent developments in SAD 44, mentioning the site selected, curriculum and suggestions from the architects.

8th GRADE OF C. P. S. VISITS OXFORD MILL

If you want to learn how to make paper, you certainly can't bring a paper mill into the classroom. So you do the next best thing: you take the classroom to the paper mill. Therefore the 8th grade at Crescent Park School visited the Oxford Paper Co. mill at Rumford. The students want to especially thank Lincoln Ficks and Mrs. Colwyn Haskell who helped organize the trip. They also wish to thank all the men at the plant who helped the students understand how paper is made. All the students feel that they learned a great deal from this

WINTHROP SUCCUMBS—GOULD UNDEFEATED

George Nickerson and Ray Attwood led the Gould Academy touchdown parade as the unbeaten, untied Huskies romped over the Winthrop High School Ramblers, 42-6, here last Saturday afternoon for their sixth straight win.

Nickerson accounted for 23 of the winner's points on three touchdowns and five consecutive conversion placekicks. Attwood crossed the goal line twice.

The Ramblers threw a scare into the locals when Jess McDougal grabbed an Ernie Henderson pass covering 10 yards for a 6-0 first-quarter lead. Two Gould fumbles set up the score, sandwiched around a 65-yard gallop by Rambler fullback Bill Gillespie.

The Huskies snapped back big in the second quarter, however, as Attwood went over on a one-foot plunge and minutes later repeated with a 46-yard jaunt to pay dirt. Nickerson scored the first of his three touchdowns following a blocked punt by Lee Vail at the Winthrop 55. Nickerson skirted left end on a six-yard TD on the fifth play of the ensuing sequence.

It was more of the same in the third period, as Nickerson again scampered six yards around left end to make it 26-6. With seven minutes remaining in the period, Husky quarterback Mike Chretien took to the air for a 27-yard scoring "bomb" to left halfback Brian Buck.

The final touchdown found Chretien again on target, as he threw to Nickerson for a 22-yard score with two minutes remaining in the third quarter.

Substitute Harlan Bean produced the only score of the final period when he tackled Henderson in the Winthrop end zone for a safety.

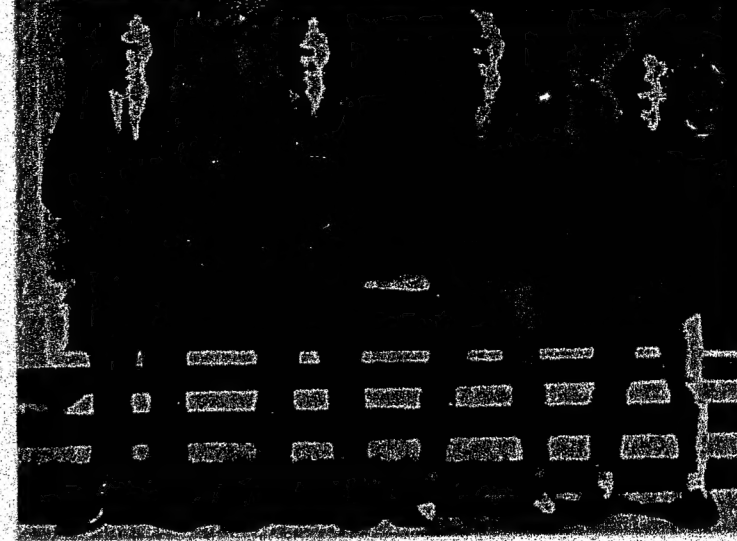

The Gould attack produced a total of 337 yards gained, 246 on the ground and 91 in the air (via Chretien's seven for 11 passing performance).

Winthrop garnered 165 yards overall, with 112 earned on the ground and Henderson completing five of 10 aerials for 53 yards.

Gould had 11 first downs to three for the losers.

The Gould victory set the stage for a State Class C and Mountain Valley League championship game between the Huskies and Hall-Dale High here this Thursday afternoon.
